Disclaimer: As a professional courtesy, we will submit your claim to your insurance provider, but this does not guarantee their payment. You accept responsibility for co-pay, deductibles, or uncovered procedures. If you have a hearing aid benefit, you will be required to pay for your portion of the hearing aids at time of fitting including deductibles, co-insurance, any upgrade fees, and taxes. Upon receipt of payment from your insurance company, we will reimburse you if insurance pays more than we anticipated. It is your responsibility to notify us if your insurance changes. Insurance companies have a filing deadline, so failure to provide us with the correct insurance information at the time of service may result in you being responsible for the entire bill. In the event that your insurance company denies payment for services rendered, you will personally and fully be responsible for those charges.

I hereby authorize Oklahoma Hearing Solutions, LLC to furnish information to the insurance carriers concerning my diagnosis and/or treatment and hereby to assign the provider all payments for medical services rendered to my dependents or myself. I understand that I am ultimately responsible for any amount not covered by insurance.

OFFICE FINANCIAL POLICY:

We appreciate you trusting us to provide hearing healthcare to you and/or your family. Because we value our relationship with you and believe the best relationships are based on understanding, we offer these clarifications of methods of payment for services. We are dedicated to providing the best care for our patients. Therefore, please note the following:

Payment Methods: I understand, we accept Visa, MasterCard, and Discover Card, check or cash. We also accept CareCredit allowing you to setup payment arrangements as needed.

Patient Financial Responsibility: I understand, payment in full, as service is rendered is required. This includes copays, deductibles, coinsurance, and uncovered service or product.

Returned Check Fee: I understand, there is a $35 service charge for any returned check. After receiving one returned check for insufficient funds, you will no longer be able to pay for services by check. Any balances due will need to be paid by cash, credit/debit card, money order, or CareCredit.

Minors: I understand, minors under the age of 18 must be accompanied by a parent or guardian for treatment. The accompanying adult is responsible for payment on date of service. This includes divorce situations.

Insurance Claims: I understand, as the patient/parent/guardian, I am responsible for the cost of services provided regardless of insurance coverage. As a courtesy, we will file medical claims to your insurance company. Therefore, it is necessary to present ALL current insurance cards at the time of your appointment. We must be notified immediately of any changes. Please ensure all information is accurate and current. As the insured, your coverage is based on the contract between you and your insurance carrier. You must contact your health plan if you have not received notice of payments within 30-45 days of your service. Remember, it is ultimately your responsibility to verify coverage for your particular insurance plan. If the insurance company denies the claim, you are responsible for the balance. Please be aware that some services provided may be non-covered services and not considered reasonable or necessary by your insurance plan. We make every attempt to communicate out of pocket charges to you prior to, and/or during your visit; however your insurance company has the ability to refuse payment at any time, without prior notification to the provider or patient. These charges ultimately become the responsibility of the patient.

Referrals: I understand, many insurance companies will not pay for services rendered by a specialist without a referral. It is the responsibility of the patient/parent/legal guardian to obtain any referral, and updates, required by their insurance plan. Failure to provide a current referral may result in rescheduling the appointment until one is obtained.

No Show/Late Cancellation: I understand, in order for us to provide the best service to our patients, it is important that every patient attend their appointments as scheduled. If you miss a scheduled appointment, we aren't able to track your health progress and you have taken time away from another patient who needed to be seen. It will be considered a missed appointment if you do not give 24 hours advance notice that you will not be coming. If you call to reschedule less than 24 hours before your appointment, it will be considered a missed appointment. There will be a $25-$100 charge for a missed appointment depending on the type of appointment. Three missed appointments will result in dismissal from our office. It is important that you provide current contact information so that we may remind you of your appointments. We use phone, email, and text reminders.

Patient Attendance Policy: We understand that sometimes you may be running late to your appointment. Unfortunately, we have patients scheduled throughout the day and may not be able to see you if you arrive more than 15 minutes after your scheduled appointment time. We will try to accommodate you if time allows. Otherwise, we will need for you to reschedule to another date/time.

Outstanding Balances: If you have a previous balance, you will be required to pay your past due balance plus the charges for your current visit prior to services being rendered.

Collections: Should your account be turned over to collections, you will be responsible for all costs of collection, to include the percentage paid to the collection fee, without limitation, attorney's fee, and court costs. This would also result in dismissal from our office.

Please let us know if you have any questions about any of our office policies. We look forward to years of close association with you as we work together to maintain your hearing health.

I have read and understand the Office Financial Policy and agree to abide by its contents.
